

In 2018 we plan to celebrate our birthplaces with work illustrating the country, county, town, village or city of your birth. This can be an individual project or perhaps members who were born in the same country, town or village might like to work together.

Size: no restrictions but a small wall hanging - say A3 would be ideal.

Technique: unrestricted - it's your choice

Timing: be ready to show your work at the February 2019 meetings. If you are quick and have an idea already it could be your exhibition entry!
