electrical appliances.	or burns from faulty electrics, including portable electrical equipment – heaters, fans etc.	any defective plugs, discoloured sockets, damaged cable and on/off switches, and to take any defective equipment out of use. Members should use equipment provided by the hall where possible Members are offered low price PAT testing for their sewing machines and other related equipment at Friday meetings. This will be in alternate years starting from February 2024.	venues and ensure that any portable appliances are safe and in good working order. e.g., PAT tested The Management of the Meadows Centre reserves the right to refuse the use of non-centre equipment if deemed to be unsafe.	equipment to use at a venue		

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	Actions	Who needs to carry out the action?	When is the action needed by?	Done
Fire Faulty electrics, arson.	If trapped, members could suffer from smoke inhalation/burns.	Fire risk assessment is done by those letting the premises we use	Members to be made aware of the procedures for evacuating the building. A list of attendees is kept and used as a checklist to ensure everyone is accounted for	The committee member responsible for the meeting	From now on	
Manual handling Unloading display items and materials from speakers' cars	Members may suffer strains from handling heavy/bulky objects.	Amounts lifted kept to manageable sizes.		The committee member responsible for the meeting	From now on	
Hot liquids	Members could suffer burns if hot drinks are spilt directly on them	Hot drinks are usually only drunk at the beginning of a meeting or during a lunchbreak at a workshop	Remind members to take care when carrying hot drinks	The committee member responsible for the meeting	From now on	
Specialist craft equipment e.g., rotary cutters,	Members could cut themselves on rotary cutters,	Members will already be aware that the blades on	Remind members of safe practice, particularly before using	The tutor conducting the workshop. If	From now on	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	Actions	Who needs to carry out the action?	When is the action needed by?	Done
irons, soldering irons, dyes and other chemicals	burn themselves on irons or inhale noxious chemicals	rotary cutters should be retracted when not in use and that masks should be worn when using soldering irons or chemicals such as bleach	soldering irons or chemical substances which are less frequently used.	they fail to do this they should be prompted by the committee member responsible for the meeting		
Sharp objects left on floor	Members or those using a hall after our group could tread on needles or pins and suffer puncture wounds	Members take care when packing up to check that they have not dropped anything	Remind members to take care both to avoid dropping sharp objects whilst working and to check the floor at the end of the session	The committee member responsible for the meeting	From now on	

Distractions at virtual events	Participants at a virtual event may be tempted to carry on sewing, cutting or ironing during demonstrations, leading to injuries such as sewing over a finger	The tutor conducting the workshop will set out a timetable for the day, making a distinction between sewing time and demonstration time	Ask the tutor to remind participants to stop sewing whilst watching demonstrations	The event organiser should discuss this with the tutor before the workshop	From now on	
Security at virtual events	There may be attempts by outsiders to gain unauthorised access to a virtual event	A waiting room is used on Zoom events so that only members or paying visitors are admitted	Ensure the meeting organiser has a current membership list. Ask members to ensure they use recognisable names e.g. not iPad3	The treasurer will supply the most recent list of members 24 hours before the event	From now on	
Invasion of members' privacy	Photos could be taken and used without permission	The tutor conducting a workshop will ask for permission to use photos at the start of the workshop	Ask the tutor if they wish to take photos and remind them if they do not ask permission	The event organiser should discuss this with the tutor before the workshop	From now on	
Exceptional circumstances e.g. a global pandemic	Members may e.g. contract a dangerous virus during a meeting	The current national guidance will be followed in addition to the guidelines for individual venues	Ensure guidelines are followed, both outside and inside the building	The committee member responsible for the meeting	From now on
